INDUSTRIAL MAINTENANCE/ SUPPORT SERVICES

About Us.

Introduction

Welcome to Isatta Service, a leading force in the industrial maintenance, oil and support services. We are a vibrant, forward-thinking organization committed to providing excellent solutions, specifically designed to address lapses in the contemporary industrial environment.

Our organization is comprised of a team of highly skilled professionals with clearly defined work strategies, financial and technological resources, and a solid integrated management system within ISL'S operational, financial and budgetary control systems, allowing for real-time control of project logistics and financial activities.

Our Philosophy

Integrity: We are committed to being honest, avoiding conflicts of interest and respecting confidential information and will not to seek to compromise people through inducements or entertainment.

Fairness: We are committed to being fair in all our dealings with our customers, suppliers and employees.

Respect: We are committed to respecting the people we work with, the communities we work within and the environment in which we operate.

Mission

We relentlessly strive to provide a service experience that is delightful from start to finish. We do so through a highly trained team that can take on nearly any industrial service challenge, anytime and anywhere. This team is powered by proven tools and processes that enable safety and highspeed workflows.
